SUMMER HOLIDAY CIRCULAR 2026

CLASSES :- Play Group, Nursery, LKG, UKG

Summer Holidays are here. Let's cheer!

Fun and laughter, under the sun,

Adventures await, let's have some fun!

Dear Parents and Students,

Get ready to soak up the sun and make some unforgettable memories! As we welcome the summer holidays, let's explore the wonders of this sunny season. Here are some amazing facts to make your summer fun and exciting.

Let's know some amazing facts about SUMMER –

- **The Sun is a star. It's the center of our solar system and is about 93 million miles (149668992 km) away from the Earth.**
- **The sun does not set at all in Alaska! It has darkness only between 10 pm – 2 am.**
- **Fireflies, bees and butterflies are most active in summer season.**
- **Snails, lungfish, frogs burrow themselves underground to stay cool.**
- **Birds do not sweat like us!**
- **Summer flowers produce stronger fragrances to attract pollinators.**
- **The World's hottest place is Death Valley in California where temperature can reach 134°F!**
- **The Eiffel Tower grows 6 inches during summer as the iron structure expands!!**
- **The longest day of summer season is 21st June!**

PLANET RHYME

(to the tune of "Twinkle Twinkle Little Star")

I know the planets one by one

Starting with the one that's closest to the sun.

Mercury, Venus, Earth and Mars,

Are the first four among the stars.

Jupiter, Saturn, Uranus, Neptune

Are the next planets in my tune.

I know the planets one by one.
