September 5th is celebrated as Teachers' Day in India to honor **the birth anniversary of Dr. Sarvepalli Radhakrishnan**, India's second President and a prominent philosopher and educator. The tradition began in 1962 when his students requested to celebrate his birthday, but he instead asked them to dedicate the day to honoring teachers across the nation.

The **International Day of Charity** was established by the United Nations General Assembly in 2012 to encourage people and organizations all over the world to help others through volunteer and philanthropic activities. The date September 5th was chosen in honor of **the death anniversary of Mother Teresa**.

Eid-e-Milad-un-Nabi traces its roots back to the early centuries of Islam. Historically, the observance began in the 8th century, with large-scale community gatherings commemorating **the Prophet Muhammad's birthday**.
